

Tired of boring tours? Let a vampire, a tiefling, and a morally flexible wizard show you around instead.

Experience Baldur's Gate like a local (who has killed a god or two).

Guided by the actual heroes of the Sword Coast.

Zero boring history lectures. 100% snark, spells, and unforgettable trauma bonding.

Perks of Traveling With Adventurers Who've Already Died Once

- **See the ruins, dodge the traps, loot the loot.**

Our guides have already triggered every curse — you're welcome.

- **Learn vampire survival tips from someone who is one.**

You'll leave with bite marks and a working knowledge of blood etiquette.

- **Master survival in the wilds, emotionally and otherwise.**

Because some dangers wear armor, and others wear a charming smirk.

- **Make morally questionable choices in a judgment-free zone.**

Our guides have done worse. And documented it. Dramatically.

“Sure, you could hire a regular tour guide... but they haven’t been abducted by a mind flayer and lived to sass about it.”

Tour Option	Price	What You Get
Generic Sword Coast Tour	480GP	Some guy pointing at ruins and mumbling about “tax records”
Wizard-Forged Experience™	850GP	Confusing, enchanted, expensive... and they still forget your name
Curse & Carriage Tours	675GP	Haunted wagon. Constant arguing between the guides. One of them is a goat now.
Our Tour – “Heroes of the Gate”	250GP	Danger. Drama. Delicious local baked goods. Also? Astarion.

Our Price: 250 GP

Because magic should be affordable (and so should trauma tourism).

What You’ll Experience (Besides a Minor Existential Crisis)

- **Brave the wilds with a guide who’s been bitten by literally everything.**

From giant spiders to emotionally unavailable party members — our guides have survived it all so you don’t have to.

- **Experience history from people who set most of it on fire.**

Textbooks are fine, but spontaneous explosions make better stories.

- **Pick up just enough Githyanki to not get gutted.**

We can’t promise fluency — but we can teach you how to apologize convincingly.

- **Enjoy scenic routes with extra danger and bonus drama.**

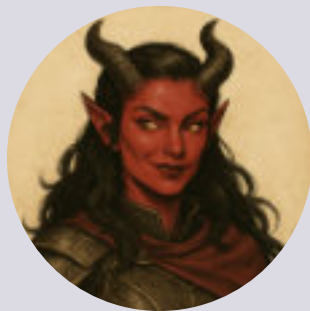

Carefully curated by adventurers who definitely did not almost die there.

What the Masses Had to Say (After Surviving the Experience).

"I took Gale's Arcane Explosion Tour and only got singed twice. He called it 'a minor arcane flare-up,' but my eyebrows disagree. Still — the man's storytelling is unmatched, and the snacks were suspiciously elegant. Would do again."

— *Minsc, Ranger of Rashemen*

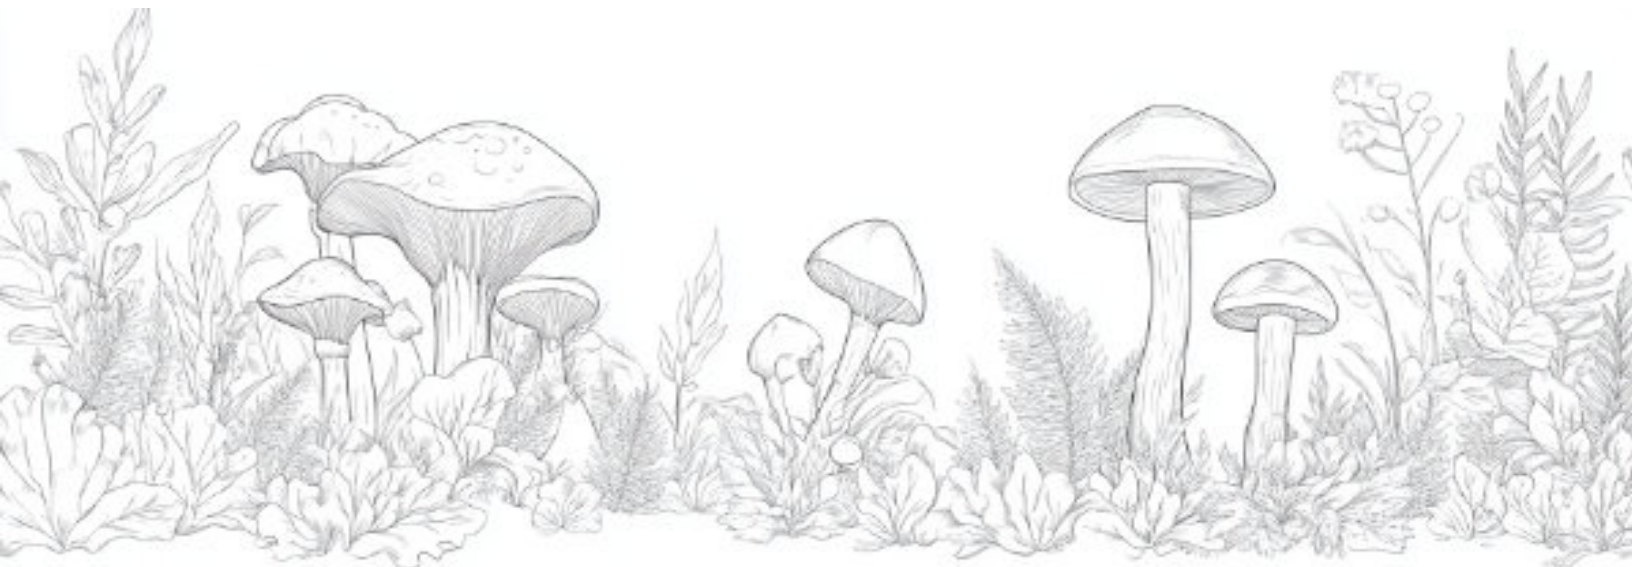

"Lae'zel yelled at me the entire tour. Something about posture, discipline, and my 'horns being ornamental at best.' Honestly? I've never felt more motivated to prove her wrong. I feel stronger. Angrier. Possibly Githyanki-adjacent. 10/10."

— *Tav D., Tiefling from Baldur's Gate*

"Shadowheart took us to a mysterious half-collapsed temple. It was quiet. Haunting. I felt... things. She said it was 'a shadowy blessing.' I think I cried? Or maybe that was the wine. 10/10, would emotionally unravel again."

— *Astarion, Vampire Spawn, Baldur's Gate (but only after two glasses of wine)*

The “Revive or Regret Nothing” Guarantee

And if you died during the experience? We'll resurrect you. (Small diamond fee applies, but you knew that going in.)

You've got nothing to lose... except your inhibitions and possibly your alignment.
